PRESS RELEASE Riverhead IDA announces public information session with representatives from Calverton Aviation & Technology Innovation Hub.

The Riverhead Industrial Development Agency (RIDA) has requested that representatives of Calverton Aviation & Technology, LLC (CAT) present an update on its proposed development within the Enterprise Park in Calverton (EPCAL) during a public information session to be held on Monday, August 7th, 2023. This public information session is intended to provide an opportunity for the CAT team to update RIDA and Riverhead residents on their current vision for the proposed project at EPCAL while the agency continues its due diligence on the joint application made by the Town of Riverhead CDA and CAT.

The public session will be held in the Riverhead Town Hall meeting room at 200 Howell Avenue, Riverhead, immediately following the regularly scheduled RIDA board meeting beginning at 5pm. The meeting is open to the public and will be limited to two hours. This will not be the Agency's public hearing (which will be held at a later date), however a comment period will be provided.

The public information session can also be viewed live on the town's website at www.townofriverheadny.gov under Channel 22 using the live stream link.

Participants may also attend using a zoom link. Please email the RIDA office by close of business on Friday, August 4th at director@riverheadida.org for log on instructions. You must include your name, address and phone number within the email.

Pre-registration is only required for those attending virtually.

Speakers:

Attorneys representing the project from Farrell Fritz, Christopher Kent and Peter Curry

Also attending: CAT Representatives: Justin Ghermezian and Meg Blakey

Professional Consultants: Alex Badalamenti (architect), Chris Robinson, P.E., Joe Petrocelli, Contractor
