Re: 205 Osborn Ave, LLC

Dear Ms. Stark-James:

I am the Manager of 205 Osborn Ave, LLC. Attached please find our Application for Financial Assistance in connection with the potential development of a 39-unit multifamily residential rental housing community, together with street-level co-working space, to be located at 205 Osborn Avenue, Riverhead (the "Proposed Project").

205 Osborn Ave, LLC will own and operate the Proposed Project. The Applicant's members have vast real estate development experience, and include members of G2D Development, a full service real estate development company with a portfolio of residential and commercial properties valued at over \$300 million. Members of 205 Osborn Ave, LLC have developed transformative multifamily residential communities in downtown Hicksville and downtown Huntington. With the assistance of the Riverhead IDA, the G2D 36-unit residential rental project at 331 East Main Street in Riverhead is currently under construction.

In early 2021, the Town of Riverhead established the Railroad Avenue Overlay District to attract development such as our proposed 205 Osborn Avenue development. As the "Purpose and intent" section of the legislation reads: "The intent of the Railroad Avenue Urban Renewal Area Overlay District ("RRA-OD") is to allow, maintain, and foster a traditional downtown character to complement the character of Main Street, with transit oriented development, a pedestrian-friendly streetscape, active ground-floor uses, meaningful public spaces and uses, a twenty-four hour presence from upper-story residential at an intensity similar to that of the DC-1 Main Street District where feasible and at a scale that is suitable for the property size." The Proposed Project will meet each of these purposes.

However, the past several years have shown that multifamily rental housing developments on Long Island cannot be financed or developed without the assistance of Industrial Development Agencies. Our 331 East Main Street project is an example of a new community that required the economic benefits the Agency offers in order to attract investors and financing. To attract the capital necessary to finance the project, and attract commercial lenders, 205 Osborn Ave, LLC needs the financial assistance of the Town of Riverhead Industrial Development Agency.

The \$19.59 million Proposed Project includes demolishing a vacant single-story commercial building and developing a highly-amenitized five-story 39 market-rate rental unit rental community. The ground floor will contain an approximately 3,900 square foot "smart" co-working commercial premises to meet the varied working requirements of the residents of Riverhead. This Proposed Project will incorporate the core elements of sustainable development, thoughtful land-use planning, Smart Growth principles and high-design standards to support Riverhead's efforts to revitalize the Railroad Avenue neighborhood into a lively walkable community.

The Proposed Project fits squarely within the Riverhead IDA's Project Categories and Evaluation Criteria.

The Proposed Project would generate positive economic impact to the Town of Riverhead through construction phase spending, new household spending, and increased disposable income that will generate feet-on-the-street economic dynamism. According to an economic impact report conducted by Camoin Associates, dated September 2021 (the "Camoin Report"), the Proposed Project is estimated to generate approximately \$11,500,000 of new economic impact in the Town during the construction phase and \$1,700,000 of annual economic impact in Riverhead once the community is leased up.

The Tax Cuts and Jobs Act of 2017 created federally designated Opportunity Zones to drive investment in distressed census tracts. The Proposed Project is within one of the Town of Riverhead's Opportunity Zones. These Zones were specifically earmarked for economic development assistance. 205 Osborn Ave, LLC is structuring a financing plan that will enable the entity to utilize the federal tax-incentives created by the Opportunity Zone.

The Town of Riverhead has a short supply of high quality, new, professionally-managed apartments. The Camoin Report states that the Town of Riverhead will need an additional 532 market-rate rental units by 2026 in order to keep up with the demand. The Riverhead IDA sought to address this issue in approving the 331 East Main Street development. The Proposed Project presents another compelling opportunity to deliver additional high-quality rental housing to an underserved community living in the Town of Riverhead.

The Proposed Project will be managed by G2D Properties Corp., an entity related to 205 Osborn Ave, LLC. G2D Properties Corp. will be responsible for payroll. The EIN for this entity is [REDACTED]

We ask that you consider our Application for this dynamic Proposed Project. Please feel free to call any time with any questions.

Very truly yours,

[REDACTED]
Gregory DeRosa

5. Proposed Use:

- A. Describe the specific operations of the Applicant or other users to be conducted at the project site. What will the building or buildings to be acquired, constructed or expanded be used for:

The Applicant proposes developing a highly-amenitized 37 market-rate rental unit apartment community that will include a mix of 3 studio, 24 one-bedroom and 10 two-bedroom units. The ground floor will include a Worksmart Coworking Space offering a variety of business space and services to local entrepreneurs, freelancers, small businesses and remote workers.

The Project will be pet-friendly and feature a full gym, basement storage units, a rooftop entertainment space, a dedicated package room and a virtual doorman. In light of COVID-19, the Applicant will maintain an aggressive cleaning and maintenance program for all common touchpoints in the project facility. Additionally, the Applicant will build fresh-air intakes into all of the rooms and common spaces within the units to provide constant fresh-air circulation.

- B. Proposed product lines and market demands:

There is significant demand for rental units on Long Island and extremely low supply of rental housing relative to the national average and neighboring markets. According to Long Island's Needs for Multifamily Housing: Measuring How Much We Are Planning to Build vs. How Much We Need for Long Island's Future, published by the Long Island Index in 2016, Long Island could gain up to 158,000 new households over the next 15 years, but it is likely to only develop 64,000 new housing units in the best case scenario, leaving a gap of up to 94,000 units. This Project would help close that sizeable gap and provide critical new housing supply.

Specifically, high-quality, new, professionally-managed apartments are in short supply in the Town of Riverhead. The proposed Project presents a compelling opportunity to deliver high-quality, rental housing to an underserved group living in the greater Riverhead area possessing few options presently meeting their housing needs. With the exception of our related company's development at 331 East Main Street, existing rental stock in Riverhead is aging, under-amenitized, and generally of low quality. This Project will incorporate the core elements of sustainable development, thoughtful land-use planning, Smart Growth principles and high design standards to support Riverhead's efforts to revitalize its downtown into a lively walkable community. While always important, the feet-on-the-street dynamism and economic impact generated by this project will be essential to Riverhead's economic recovery after COVID-19.

- C. If any space is to be leased to third parties, indicate the tenant(s), total square footage of the project to be leased to each tenant, and the proposed use by each tenant (an additional sheet may be used): The entire building of 41,867 square feet will be leased to third parties.

37 rental units will be leased to future residents. The unit mix includes 3 studio, 24 one-bedroom and 10 two-bedroom apartments. The ground floor will include a Worksmart Coworking Space offering a variety of business space and services to local entrepreneurs, freelancers, small business and remote workers.

- D. Will any portion of the project be used for the making of retail sales to customers who personally visit the project location? Yes ☐ No ☒

i. If yes, what percentage (sq footage) of the project location will be utilized in connection with the sale of retail goods and/or services to customers who personally visit the project location?

- E. Existing Assessed Land Value from latest tax bill: \$45,000
Total Assessed Value from latest tax bill: \$100,000
Current Tax amount on property: \$21,461.90

Retail Questionnaire

Please answer the following: N/A

- A. Will any portion of the project consist of facilities or property that are or will be primarily used in making sales of goods or services to customers who personally visit the project site?

B. Agency PILOT Benefit: (Discussion with client)

RIDA provides real property tax abatements on the increased assessment (value added) as the result of the project. The real property tax abatement is applied uniformly to all eligible taxing jurisdictions. As a general rule the term of the real property tax abatement is 10 years. The basic real property tax abatement provided by RIDA is based upon the equivalent of Section 485(b) of the New York State Real Property Tax Law. This section provides for a 50% real property tax abatement on the increased assessed value in the first year; 45% real property tax abatement in the second year; 40% abatement in the third year; and thereafter declining 5% per year over a 10-year period. A 485(b) real property tax abatement is the standard that RIDA provides. An enhanced or reduced real property tax abatement is considered and/or provided under certain circumstances.

 We are requesting the standard PILOT Abatement

X Yes No Based upon the RIDA Uniform Tax Exempt Policy, I believe this project qualifies for an enhanced real property tax abatement or one that deviates from the standard and request consideration for a variation from the standard abatement in order to make the project viable.

If you check yes above, please provide a brief explanation as to why:

i. Term of PILOT requested: 10 Years

Upon acceptance of this application, the Agency staff will draft a PILOT schedule and indicate the estimated amount of PILOT Benefit based on anticipated tax rates and assessed valuation and attach such information to Exhibit A hereto. At such time, the Applicant will certify that it accepts the proposed PILOT schedule and the schedule will become part of the application.

***** This application will not be deemed complete and final until Exhibit A hereto has been completed and executed*****

Part VI – Measures of Growth and Benefits – Employment Attachment – Page 16

The project is expected to generate approximately 120 construction jobs during development. Construction job salaries are estimated to average approximately \$60,000 per year. Construction is estimated in the application to take between 12 and 14 months.

Upon completion of development, the project is expected to generate 3 full time positions with an average salary of \$60,000.00 plus benefits. The positions, salaries and anticipated benefits are set forth below:

POSITION	SALARY	BENEFITS
Building Cleaning Staff (1)	\$45,000.00	\$20,000.00
Commercial Space Manager (1)	\$60,000.00	\$20,000.00
Building Supervisor (1)	\$75,000.00	\$20,000.00

needed market rate housing in a currently-blighted area of central Riverhead. It also confirms that the construction of the community will result in more than \$11,500,000 of immediate positive impact, mostly spent within the Town. The operation of this development will positively impact the Town of Riverhead in an amount of approximately \$1,700,000 through the spending of the residents and employees. The Project will also pay permit fees and other fees to the Town as part of the approval process.

Note: The Agency reserves the right to visit the facility to confirm that job creation numbers are being met.

Part VII – Representations, Certifications and Indemnification

1. Is the Applicant in any litigation or does the Applicant anticipate any litigation which would have a material adverse effect on the Applicant's financial condition? (if yes, furnish details on a separate sheet)

Yes ☐ No ☒

2. Has the Applicant or any of the management of the Applicant, the anticipated users or any of their affiliates, or any other concern with which such management has been connected, been cited for a violation of federal, state or local laws or regulations with respect to labor practices, hazardous wastes, environmental pollution or other operating practices? (If yes, furnish details on a separate sheet)

Yes ☐ No ☒

3. Is there a likelihood that the project would not be undertaken but for the financial assistance provided by the Agency? (If yes, explain why)

Yes ☒ No ☐

Without the assistance of the Riverhead IDA, the Project would not be financially feasible. There have been no significant residential projects undertaken on Long Island without IDA assistance. Maintaining real estate taxes at a partially-abated level will allow the Applicant to construct the improvements, lease the units quickly, stabilize the Project, generate revenue for the Town of Riverhead, and assist the Town with its redevelopment efforts.

4. If the Project could be undertaken without the financial assistance of the Agency, then provide a statement in the space below indicating why the Project should be undertaken by the Agency and what would be the impact on the Applicant and on the municipality if the applicant was unable to obtain financial assistance?

The Applicant would be unable to move forward with the more than \$16 million investment in Riverhead. Subsequently, Riverhead would lose the significant economic impact, new construction jobs, and new type of housing option (market rate apartments) in Riverhead, which will provide balance to Riverhead's housing stock. Additionally, Riverhead would not benefit from the significant household and employee spending, estimated to be over \$34 million over 20 years, this Project would generate. This shovel-

ready Project will be critical to the post- COVID-19 economic recovery as it generates foot-on-the-street economic dynamism and assists in the Town's revitalization effort.

5. The Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if financial assistance is provided for the proposed project:

§ 862. Restrictions on funds of the agency. (1) No funds of the agency shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the agency shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.

Initial 

6. The Applicant understands and agrees that in accordance with Section 858-b(2) of the General Municipal Law and any amendment thereto, except as otherwise provided by collective bargaining agreements, new employment opportunities created as a result of the project will be listed with the New York State Department of Labor, Community Services Division and with the administrative entity of the service delivery area created pursuant to the Job Training Partnership Act (PL 97-300) in which the project is located (collectively, the "Referral Agencies").

Initial 

7. The Applicant confirms and acknowledges that the owner, occupant, or operator receiving financial assistance for the proposed project is in substantial compliance with applicable local, state and federal tax, worker protection and environmental laws, rules and regulations.

Initial 

8. The Applicant confirms and acknowledges that the submission of any knowingly false or knowingly misleading information may lead to the immediate termination of any financial assistance and the reimbursement of an amount equal to all or part of any tax exemption claimed by reason of the Agency's involvement the Project.

Initial 

9. The Applicant confirms and hereby acknowledges that as of the date of this Application, the Applicant is in substantial compliance with all provisions of Article 18-A of the New York General Municipal Law, including, but not limited to, the provision of Section 859-a and Section 862(1) of the New York General Municipal Law.

Initial 

10. In accordance with Section 862(1) of the New York General Municipal Law the Applicant understands and agrees that projects which result in the removal of an industrial or manufacturing plant of the project occupant from one area of the State to another area of the State or in the abandonment of one or more plants or facilities of the project occupant within the State is ineligible for financial assistance from the Agency, unless otherwise approved by the Agency as reasonably necessary to preserve the competitive position of the project in its respective industry or to discourage the project occupant from removing such other plant or facility to a location outside the State.

Initial 

11. The Applicant represents and warrants that to the Applicant's knowledge neither it nor any of its affiliates, nor any of their respective partners, members, shareholders or other equity owners, and none of their respective employees, officers, directors, representatives or agents is, nor will they become a person or entity with who United States persons or entities are restricted from doing business under regulations of the Office of Foreign Asset Control (OFAC) of the Department of the Treasury (including those named on OFAC's Specially Designated and Blocked Persons List or under any statute, executive order including the September 24, 2001, Executive Order Block Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism, or other governmental action and is not and will not assign or otherwise transfer this Agreement to, contract with or otherwise engage in any dealings or transactions or be otherwise associated with such persons or entities.

Initial 

12. The Applicant confirms and hereby acknowledges it has received the Agency's fee schedule attached hereto as Schedule A and agrees to pay such fees, together with any expenses incurred by the Agency, including those of Transaction Counsel, with respect to the Facility. The Applicant agrees to pay such expenses and further agrees to indemnify the Agency, its members, directors, employees and agents and hold the Agency and such persons harmless against claims for losses, damage or injury or any expenses or damages incurred as a result of action taken by or on behalf of the Agency in good faith with respect to the project.

Initial 

13. The Applicant confirms and hereby acknowledges it has received the Agency's Local Labor Policy attached hereto as Schedule B and agrees to comply with the same.

Initial 

14. The Applicant hereby agrees to comply with Section 875 of the General Municipal Law. The Company further agrees that the financial assistance granted to the project by the Agency is subject to recapture pursuant to Section 875 of the Act and the Agency's [Recapture and Termination] Policy, attached hereto as Schedule C.

State law requires that the Town of Riverhead Industrial Development Agency file an Annual Financial and Compliance Report with the State of New York. Much of the information within this report is required to be furnished by your company and the IDA is obligated to meet a state submission deadline. In order to meet this deadline, the Agency will impose a \$500 penalty for late filings or incomplete filings (applied the day immediately following the due date) with an additional two hundred and a \$250 pro-rateable fee for every 30 days thereafter until the submission of the report or benefit recapture provision is implemented. SCHEDULE B

Agency's Local Labor Policy

Purpose

The purpose of this part is to request companies benefitting from the Riverhead Industrial Development Agency (the "Agency") programs to engage local residents from the Town of Riverhead and the County of Suffolk during the construction phase of projects through the addition of an amendment to the Agency project application. All Agency projects are subject to monitoring by the Riverhead IDA.

Construction Jobs

Construction jobs, although limited in duration, are vital to the overall employment opportunities within the region since construction wages earned by local residents are reinvested in the local economy. It is hereby established to be the policy of the Agency that companies to which it has provided inducement use best efforts to employ local residents during the construction phase of projects. This will ensure that maximum public benefit is realized from Agency assistance.

Requirements of the Applicant

As a condition of receiving inducement and/or financial assistance from the Agency, the Company will agree to satisfy the following requirements, in form and substance satisfactory to the Agency.

The Company hereby represents and warrants that it will use commercially reasonable efforts to advertise, hire and cause any agent of the Company, general contractor, subcontractor, or subcontractor to a subcontractor working on the Project, to hire employees who live within Suffolk County, prioritizing Riverhead Residents. The Agency understands and acknowledges that at certain times local labor may not be available.

Submit to the Agency a "Construction Completion Report" listing the names and business locations of prime contractors, subcontractors and vendors who have been engaged for the construction phase of the project by companies benefitting from the Agency programs. Said report shall identify the name, title, mailing address, phone/fax/email of the project contact person who will be responsible and accountable for providing information about the award of construction contracts relative to the project.

3. The Agency, may at any time during the benefit period, enhance the monitoring and reporting requirements relative to tracking and encouraging the use of local labor.

RIVERHEAD INDUSTRIAL DEVELOPMENT AGENCY
EFFECTIVE June 16, 2016

Pursuant to Sections 874(10) and (11) of Title 1 of Article 18-A of the New York State General Municipal Law (the "Act"), the Riverhead Industrial Development Agency (the "Agency") is required to adopt policies (i) for the discontinuance or suspension of any financial assistance provided by the Agency to a project or the modification of any payment in lieu of tax agreement and (ii) for the return of all or part of the financial assistance provided by the Agency to a project.

Such Events of Default may include, but shall not be limited to, the following:

- 5) A material misrepresentation contained in the application for Financial Assistance, any Project Documents or any other materials delivered pursuant to the Project Documents.

The decision of whether to terminate or suspend Financial Assistance and the timing of such termination or suspension of Financial Assistance shall be determined by the Agency, in its sole discretion, on a case-by-case basis, and shall be subject to the notice and cure periods provided for in the Project Documents.

For the purposes of this policy, the term "Financial Assistance" shall mean all direct monetary benefits, tax exemptions and abatements and other financial assistance, if any, derived solely from the Agency's participation in the transaction contemplated by the Project Documents including, but not limited to:

- (i) any exemption from any applicable mortgage recording tax with respect to the Facility on mortgages granted by the Agency on the Facility at the request of the Applicant;

- (iii) real property tax abatements granted under the Project Documents.

I. Recapture of Financial Assistance

The Agency, in its sole discretion and on a case-by-case basis, may determine (but shall not be required to do so) to recapture all or part of the Financial Assistance provided to a project upon the occurrence of a Recapture Event, as such term is defined and described in the Project Documents at least as stringent as stated in the attached Exhibit A and Exhibit B. Such Recapture Events may include, but shall not be limited to the following:

- 1) Sale or closure of the Facility (as such term is defined in the Project Documents);

- 5) A material misrepresentation contained in the application for Financial Assistance, any Project Documents or any other materials delivered pursuant to the Project Documents.

The timing of the recapture of the Financial Assistance shall be determined by the Agency, in its sole discretion, on a case-by-case basis, and is subject to the notice and cure periods provided for in the Project Documents. All fees and costs including reasonable attorney fees shall be paid by the Applicant.

All recaptured amounts of Financial Assistance shall be redistributed to the appropriate affected taxing jurisdiction, unless agreed to otherwise by any local taxing jurisdiction.

The Agency may determine to terminate, suspend and/or recapture Financial Assistance in its sole discretion. Such actions may be exercised simultaneously or separately and are not mutually exclusive of one another.

II. Modification of Payment In Lieu of Tax Agreement

In the case of any Event of Default or Recapture Event, in lieu of terminating, suspending or recapturing the Financial Assistance, the Agency may, in its sole discretion, adjust the payments in lieu of taxes due under the Project Documents, so that the payments in lieu of taxes payable under the Project Documents are adjusted upward retroactively and/or prospectively for each tax year until such time as the Applicant has complied with the provisions of the Project Documents. The amount of such adjustments shall be determined by the provisions of the Project Documents.

EXHIBIT A to Schedule C
PROJECT AGREEMENT RECAPTURE PROVISIONS

(1) the Project shall be placed in service no later than five (5) years from the date hereof and shall have received a valid and subsisting Certificate of Occupancy for all structures and uses; or

(2) the Company or its Subagents, if any, authorized to make purchases for the benefit of the Project is not entitled to the sales and use tax exemption benefits; or

(3) the sales and use tax exemption benefits are in excess of the amounts authorized by the Agency to be taken by the Company or its Subagents, if any; or

(4) the sales and use tax exemption benefits are for property or services not authorized by the Agency as part of the Project; or

(5) the Company has made a material false or misleading statement, or omitted any information which, if included, would have rendered any information in the application or supporting documentation false or misleading in any material respect, on its application for Financial Assistance; or

(6) the Company fails to meet and maintain the thresholds and requirements representing certain material terms and conditions, said Investment Commitment, Employment Commitment, and Local Labor Commitment, all as further defined below, being additional purposes to be achieved by the Agency with respect to its determination to provide Financial Assistance to the Project and required by the Agency to be complied with and adhered to, as evidenced by submission, as so required by the Agency, of written confirmation certifying and confirming on an annual basis beginning in the first year in which Financial Assistance is so claimed, through the conclusion of the later of either two (2) years following the (i) construction completion date or (ii) the calendar year of the termination of the PILOT Agreement or final bond payment whichever is later (said date hereinafter referred to as the "Project Completion Date" and the time period so referenced being hereinafter defined as the "Material Terms and Conditions Monitoring Period") confirming the following:

(a) Investment Commitment - that the total investment actually made with respect to the Project at the Project's construction completion date equals or exceeds (insert amount) (which represents the product of 85% multiplied by (insert amount) being the total project cost as stated in the Company's application for Financial Assistance); and

(b) Employment Commitment - that there are at least (insert number) existing full time equivalent ("FTE") employees located at, or to be located at, the Facility as stated in the Company's application for Financial Assistance (the "Baseline FTE"); and

• the number of current FTE employees in the then current year at the Facility; and
that the Company has maintained and created FTE employment at the Facility equal to (insert number) FTE employees (representing the sum of (insert number) Baseline FTE plus the product

of 85% multiplied by (insert number) (being the total number of new FTE employee positions as proposed to be created by the Company as stated in the Company's application for Financial Assistance); and

(c) Local Labor Commitment - that the Company adheres to and undertakes or has undertaken construction activities in compliance with the Agency's Local Labor Workforce Policy on an annual reporting basis during the construction period; and

(d) Project Assessment Reporting Commitment - that the Company shall provide, annually, to the Agency, certain information to confirm that the Project is achieving the investment, job retention, job creation, and other objectives of the Project.

In order to accomplish the foregoing, the Company shall provide annually, to the Agency, a certified statement and documentation: i) enumerating the full time equivalent jobs retained and the full time equivalent jobs created as a result of the Financial Assistance, by category, including full time equivalent independent contractors or employees of independent contractors that work at the Project location, and (ii) indicating that the salary and fringe benefit averages or ranges for categories of jobs retained and jobs created in form as supplied by the Agency and as may be amended from time to time by the Agency.

The findings made by the Agency with respect to Section 3(a)(1), (2), (3) and/or (4) and/or failure to provide the written confirmation as required by Section 3(a)(5) with respect to the thresholds and requirements as identified in Section 3(a)(5), above, and/or failure to meet the thresholds and requirements as identified in Section 3(a)(5) above, may potentially be determined by the Agency, in accordance with the Sales Tax Authorization Letter and Section 6.15 Recapture of Agency Benefits contained in the Lease Agreement and/or a failure to comply with the Agency's policies and Resolutions (collectively, findings and determinations made as described herein with respect to Section 3(a)(1), (2), (3) and/or (4) and/or the failure under Section 3(a)(5) to submit the required certification and/or the failure to meet the required thresholds and requirements as specified in Section 3(a)(5) are hereby defined as a "Recapture Event"). If the Agency declares a Recapture Event, the Company agrees and covenants that it will (i) cooperate with the Agency in its efforts to recover or recapture any or all Financial Assistance obtained by the Company and (ii) promptly pay over any or all such amounts to the Agency that the Agency demands in connection therewith. Upon receipt of such amounts, the Agency shall then redistribute such amounts to the appropriate affected tax jurisdiction(s). The Company further understands and agrees that in the event that the Company fails to pay over such amounts to the Agency, the New York State Tax Commissioner may assess and determine the New York State and local sales and use tax due from the Company, together with any relevant penalties and interest due on such amounts.

(b) In accordance with the Resolutions the Company further: (i) covenants that the purchase of goods and services relating to the Project and subject to New York State and local sales and use taxes are estimated in an amount up to (insert amount), and, therefore, the value of the sales and use tax exemption benefits authorized and approved by the Agency, subject to Section 3(a) of this Agent Agreement, cannot exceed (insert amount).

(c) The Company acknowledges and understands that a Recapture Event made with respect to Section 3(a)(4) of this Project Agreement will, in addition, immediately result in the loss and forfeiture of the Company's right and ability to obtain any and all future Financial Assistance with respect to the Project.
